

New Build Plumbing & Heating Engineers

The opportunity

Due to new long-term residential housing contracts secured with major developers across the South, HBS is looking to expand its skilled sub-contract M&E workforce and recruit Gas Safe registered plumbing and heating engineers with new build site experience.

You will be carrying out staged plumbing and heating installations on new residential new build housing sites secured across Hampshire, Wiltshire, Berkshire, Surrey, West Sussex and Dorset.

Working alongside the Contracts Manager and Site Supervisor, you will be responsible for producing a consistent high-quality standard of works in line with compliance standards, production targets and HBS's in-house quality management system.

About HBS

Founded in 1950, HBS Group Southern is an established family-run M&E building services company, based on the South Coast and operating nationally.

HBS is a long-term trusted partner to the UK's leading housing developers, blue-chip and public sector organisations, supplying a complete package of mechanical, electrical and renewable energy services for a wide range of major projects.

Required skills and qualifications:

- NVQ 3 or City & Guilds equivalent in plumbing and heating
- Gas Safe registered
- Minimum 5 years of new build site experience covering 1st and 2nd fix and finals
- CSCS card
- Unvented hot water G3
- Ordering of materials from in-house buying team
- Good communication and organisation skills
- Strong commitment to consistent high-quality workmanship and customer service
- Full driving licence and own vehicle

We offer:

- Long-term and consistent work on major housing projects across the South
- Competitive rates of pay, potential earnings of up to £1500-£2000 per week
- Fortnightly payments
- PPE provided
- Full support from office team and dedicated contract managers
- Safe and controlled working conditions

Interested in joining our M&E workforce?

With ambitious growth plans and an extensive order book with the UK's leading housing developers, it is an exciting time to join our highly-skilled sub-contract M&E workforce.

If you would like to know more about the opportunity and apply, simply email a CV or details of your qualifications and site experience to [**careers@hbsgroupsonthern.co.uk**](mailto:careers@hbsgroupsonthern.co.uk)

Applicants must have a Right to Work in the UK.
